Course Description

Illinois 95th General Assembly Resolution 0051 requires *Manufacturer's* Certification on Elector-Muscular Disruption Technology (EMDT) Employed by Illinois Law Enforcement and Correctional Officers. TASER International requires that users of the TASER Conducted Electrical Weapon (CEW) device take a certification course prior to carrying the TASER. That certification expires one year from the date of issue.

This 4-hour class is for the re-certification of those officers who have previously received the full 8-hour TASER Conducted Electrical Weapon Certification class. This re-certification will involve a review of TASER technology and the proper and safe methods for deployment of the TASER EMD device. "Failure Drills" will be practiced and a written examination will be given, as a part of this re-certification process.

Officers attending this class must have been certified or re-certified within the last calendar year.
